Trucker protest

- Our government will always support the right to peaceful protest in Canada – but we will also always condemn violence and threats.
- We are aware of the ongoing protest of truckers coming to the nation's capital and are monitoring the situation closely.
- The Parliamentary Protective Service and local police will respond to any issues as necessary, and our national law enforcement and security agencies are continuously monitoring potential threats.

Is pressed - IMVE

- We are deeply concerned about the small number of vocal extremists opposition that is polluting much of our political debate.
- As the Prime Minister's National Security Advisor recently said: ideologically motivated violent extremism is "our most deadly extremist threat."
- The Parliamentary Protective Service and local police will respond to any issues as necessary, and our national law enforcement and security agencies are continuously monitoring potential threats.
